

Edge Profile Selection Sheet

Section A – Edge Options: Please circle either a standard or a custom edge. Please note standard edges are included in every quote, and custom edges are an upgrade.

3cm Standard Edges

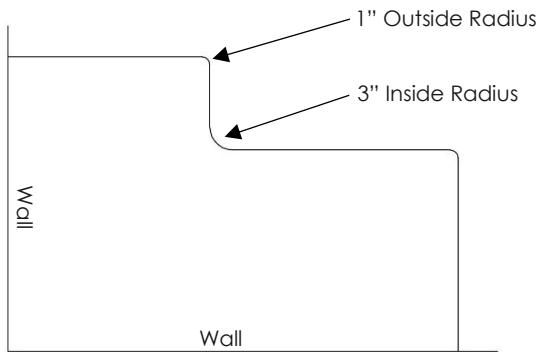

- 200  *Available in 2cm
* See Section B
- 210  *Available in 2cm
*See Section B
- 202  *Available in 2cm
- 204  *Available in 2cm
- 205  *Available in 2cm
- 209 

3cm Custom Edges

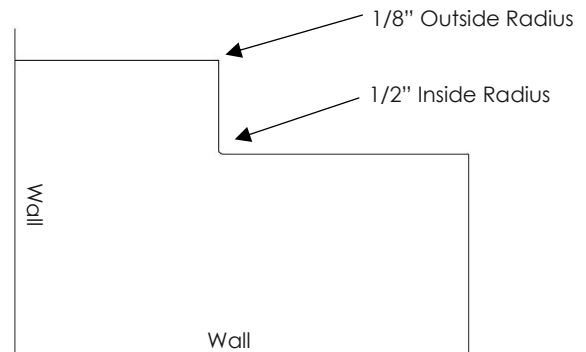

- 214 
- 250 
- 252 
- 253 
- 254 

Section B – Radius Options: If you have selected edge 200 or 210 above, please note that they offer different corner radii as shown below. Please note that the rounded radius option is the only option for all other edges. Below represents a top-down view of outside and inside corners of your countertop.

200 (Rounded) Radius

210 (Contemporary) Radius

Section C – Overhang Options: Please note our standard overhangs are 2" off cabinet box fronts & 1 1/4" off of finished panels. Please confirm, in writing, if you would like a custom overhang. _____

Printed Name: _____

Signature: _____

Date: _____

Section D – Miter Option: If you do not have a mitered edge in your project, this section will not apply. If you have a mitered edge, sections A & B above will not apply. Please note desired thickness of your miter. _____
